It was a gift to several graduates. As the extended families of these graduates get a chance to see the bible more and more are buying it and using it. I just made a trip to Israel to study and the archaeology notes line up well with what we saw and heard from some the top Israeli guides we had. So, get or give it away.

a great tool for new or mature Christians

By Mark B

There are certain authors whose names are associated with great books. Josh McDowell is one such author, and his son seems to be following in his footsteps. The two of them combined their efforts and came out with a great book and tool. They cover a lot in this book, 77 topics in all, and answer them in a Biblically-based way.

The book is split into two sections. The first section is all questions about God, and the second section are all questions about the Bible. The topics/questions cover about everything you can think of - some examples given above, and the authors do a great job of answering them in a way that doesn't still leave questions. This is the kind of book that would be great for new Christians, but none of us know everything we need to know, so this would be good for the most mature Christians among us. I have been reading the Bible since I was a kid, attended church, Christian school, and Bible college, and I still had some questions - some of them covered in this book.

It is an informative and helpful book that is also easy to read. The chapters are short, most of them 2-4 pages, and is the kind of book that you can read small portions daily. I would highly recommend it to be in any Christian's library.
