Continuation of a series

By Mrs. Kimberly S. Napier

This is a continuation of a series about the Winter family. Unfortunately, I have not read the previous book so I had a difficult time connecting with the characters.

In this book, Joe Thorne is taking over a job that has always belonged to Martha Winter, preparing the Christmas dinner. Because this can be tricky, there were a few fumbles but the ending of the story is quite satisfying.

It was well-written, as are all of Harriet Evans books. If the reader has read the previous book, A Place for

Us, I believe they will enjoy this book also.

I was given this book by NetGalley in exchange for my honest review.

A Christmas visit with the Winter Family

By Grateful Grandma

This was a very short Novella about the Winter family Christmas plans and event. I did not read the book that this was a spin-off from so was a little confused about where and how some of the family fit together but it was still a cute story. After reading other reviewers comments it is a wrap up of the book "A Place For Us" so I would recommend that you read that first. I will go back and read it now as my interest in these characters is definitely peaked.

I received a copy of this book from Netgalley in exchange for an honest review.
