Have been a professional medical coder since 1/2013. These exercises are challenging. I have been using this book extensively in preparation to take the CCS. Very highly recommended.

Great book. Pair it with AHIMA CCS exam prep and I passed the exam in May 2016 in ICD-10. Yessss, I've always loved icd10 and been waiting for the new exam to come out. Great resources for teaching my RHIT students, too. The exercises are way better and advanced compared to ICD10CM/PCS A Map for Success book which is a horrible elementary textbook to teach.
