It will offer you vital resources for you which wish to start creating, writing about the similar publication Common Well Control Hazards: Identification And Countermeasures By Sun Xiaozhen are different book industry.

Review

"...Xiaozhen summarizes problems he and other inspectors commonly find regarding safety and control systems in oil drilling operations. Because the standards are insufficiently known, he says, hidden dangers may or may not be identified depending on who is looking, and some of the remedies applied lack pertinence and feasibility."--Reference and Research Book News, December 2012

About the Author

Sun Xiaozhen, is the director of Safety and Environmental Protection Supervision Center of Xinjiang Oilfield Company. He is a senior drilling engineer and has been granted with the certificates of national first-class registered safety assessment engineer and national registered safety engineer.
