Good for Dexterity

By N. Sato

I love the George Hamilton Green exercises. I had to purchase this book again since someone stole my copy at a drum corps show. Unfortunately, the way Amazon stores their books, it was dog eared at the corners. It must be Amazon since I ordered two different books from two different locations and they both came to me in similar conditions. It would also be nicer if the book was bound a different way since you have to bend the pages back to keep it open on the stand.

So I would say 2 stars for the seller/shipping. 5 stars for the actual exercises/book. This one is engraved, unlike the New Series. They're fun to play, fun to teach and works great on your dexterity skills. My teacher showed me these exercises when I was in high school and I still play them to this day. When I started teaching pit at a high school, I showed my kids these exercises and they loved them as much as I did. These exercises really helped me with double stop / single stroke accuracies.

teacher's request

By Kim Christain

I am not a percussionist so this review is not very thorough. My 14yo daughter's teacher was excellent and used only this book. She polished a marimba piece and earned a superior at a solo festival. Mind you, she

started with 4yrs of piano and her mom (me) has a BM in piano.
