Have bought these books for several years.

By Marilyn Arthur

I have purchased and recorded Hallmark recordable storybooks for several years for my grandsons who do not live nearby. The boys have loved them and listen to them both with their parents and by themselves. We've never had any issues with the recordings. The books lay flat and the boys can lie on the floor to listen to them. It really helps me feel more connected to them. This story is short and simple and just right for my 3 year old grandson.
