Harmony makes no excuses for who she is or what she's done. For the past few years she's been living as a club girl for the Brothers by Blood MC. The club girls are there for a purpose - to cook, to clean and to keep the men happy. She respects the club, respects the men and she follows the rules. Watching the men walk in and out of her life is strangely comforting, and a feeling she's grown accustomed to. With a history of disappointments and false promises, all she wants is to have fun, play music and finish college. Being associated with the club, she can do that without having to risk her heart. That was until he showed up.

When Kit's father stepped down as president, he took the title with pride. The Brothers by Blood MC is his family, his home. Deciding to celebrate his new title with his brothers from a neighboring chapter, the last thing he expected was to find Harmony - a club girl with all the makings of a perfect old lady. The stunning blonde is beautiful, strong and fiercely independent. Harmony refuses to lower the walls she's created around her heart, but the fire inside her and her love for the club fuel his need to have her by his side, and on the back of his bike.

When Harmony's safety is threatened, Kit is determined to do whatever it takes to protect her and prove that she can trust him. But after a lifetime of broken promises, will it be enough?

Loved!!!!

My Review on Harmony!

<https://bookishsavage.wordpress.com/2015/06/06/harmony-the-club-girl-diaries-book-1-addison-jane/>

When I first read the synopsis on this book, I thought to myself..oooweee this is right up my alley. Sure enough Harmony did NOT disappoint. It had everything I love in a book, drama, love, motorcycles, yummy men, and hot hot S E X. I love a good "claiming" session ;). I do have to say..it was a little more tame then I expected to be. I was thinking hard drugs, boozy parties etc etc, but like I said it did not disappoint.

We have Harmony an outspoken, tough, lovable, musically talented club girl. A "Club Girl" in case some of you are not familiar with MC club logistics is a girl who "entertains" these club members..basically shes a club whore/hoe/slut for all intensive purposes. Harmony is a bit different from the other club girls, she's respected and cherished almost by the members of the Brothers by Blood MC. She's the perfect club girl in their eyes, respectful, non-clingy, not full of drama, and not out to trap a brother for that Old Lady title. Shes

used to men coming in and out of her life so shes not really looking for love here.

Then we have Kit, the new President for a near by chapter of the Brothers by Blood MC. He's the newly appointed president, who is well respected and followed by his fellow brothers. He sees Harmony and sees old lady material. More specifically HIS old lady material.

Without giving out too much Harmony and her bestie Chelsea are thrown into some drama by an outsiders. Her local club prez Optimus and Mr. Hottie McNewPrez Kit come in and figure out ways to keep the girls safe. There's betrayal, trust issues, kidnapping, rescue missions, death, sadness, music and sex sex sex...everything a great MC book needs. OH! One warning..there is a CLIFFHANGER in the book (rawrrrr)...but it doesn't involve Harm...so no worries! ;)

I give this book 5

I can not wait till the next book in the series come out!!

It seems like it was written in one go and then not ...

By Amazon Customer

With the tense changes, grammatical errors, and typos I just couldn't finish it. It seems like it was written in one go and then not edited, which is unfortunate because I enjoyed the story. The sex scenes are really hot too! if you can get past the poor writing and ignore blaring errors then go ahead and give this book a read, even if it's just for the sex.

This book is good.

By Helen

This book is good. The plot is good. The characters are good. The sex is good. This book is good and that is the problem. It somehow, in a way I have trouble putting my finger on, just falls short of being great. There really isn't anything I particularly dislike but it lacks a special spark for me. I think this is the perfect book to read if you only have small increments to read. This will keep you entertained but not tempt you to put off your work or stay up too late to keep reading. I think I am going to pass on the next.
