JOHN HENRY'S BEAUTIFUL CHARLIE (SIREN PUBLISHING CLASSIC MANLOVE) BY STORMY GLENN PDF

[Siren Classic ManLove: Erotic Alternative Romance, M/M, HEA] Sheriff John Henry Harrison didn't even know the old McAdams place had been sold, so when he receives a disturbance call, he rushes right out there, positive it's just a bunch of kids causing a ruckus. What he discovers there changes his life in ways he never could have imagined. After losing his wife to cancer, Charlie Pennington was just trying to find a peaceful place to settle down with his young kids. He never imagined that buying the old McAdams homestead would bring the sexiest lawman he had ever seen into his life. When trouble arrives at Charlie's door in the form of a custody battle for his kids and a drug lord bent on revenge, Charlie is shocked when John Henry steps right in to help. But even with his former marine buddies at his side, Charlie isn't sure he can keep everyone he loves alive. Sending them to safety seems like the best choice, until John Henry refuses to go. ** A Siren Erotic Romance

Not a good book from this author

By A. Moose

This book had a great start and after one too many para-normal books, I was looking forward to a more normal romance. Well that didn't happen here. John Henry is the local sheriff who meets new guy in town Charlie when John Henry is called out to find Charlie's in-laws on his property demanding custody of Charlie's newly motherless kids. Instant attraction flares between the men, but before they can get to know one another, Charlie's former military squad arrives and soon after a threat appears from a drug cartel that his team brought down. The cartel leader is in the area.....what are the odds?

So instead of a romance, the guys fall in love between law suits, death threats, attempts on one or both their lives, the kids arriving, finding out their grandfathers knew each other during the war and one saved the others life. Mind you, this is a 135 page book. So their time together is rushed beyond all measure. We never see John Henry or Charlie together just talking, it's just a quick hi, nice to meet ya, we're in love type book.

The really sad part is that if you are a fan of this author you may recognize the latter portion of the book from another of her less than stellar books, His Dirty Little Secret. In both books the main characters and supporting characters are holed up in a house. Both books have two small kids in peril, a set of scared grandparents, armed guards protecting the heroes, and vicious criminals out to get them. Worse none of these

elite military and police officers can shoot straight or patrol an area at all.

Once upon a time, Stormy Glenn was an automatic buy. But I've bought my last book from this author.

Not sure how you can make the errors in this story

By Regina F.

I'm not sure how you can decide to make your main character a member of the US Military and then NOT know that you capitalize Marine when you talk about him. Also, the word the author was looking for was "exception". I do NOT know how she got to "acceptation".

I've enjoyed Stormy Glenn's work but I'm starting to feel like someone else is using her name to get their stuff published as the quality is going down along with the number of spelling, grammar and factual errors going up.

The story here is fine, and enjoyable enough. Not worth slogging through the issues.

Great contemporary gay romance.

By Serena Yates

This book proves that Stormy Glenn can come up with a pretty crazy and tension-filled storyline and some awesome characters without setting a single foot in paranormal land. While I sort of knew that, it was good fun to have it reconfirmed. As for the main characters, a sheriff and an ex-Marine, what can I say? Hot, hot, hot, both inside and out of bed.

John Henry, the sheriff, and Charlie are a match for each other in many respects. Both are good at their jobs, overprotective of others, and fall for each other faster than should be legal. They're pretty evenly matched in most areas and that makes for some fun reading.

As for the supporting characters? The villains are more than evil and sort of grated on my nerves, but all those hot Marines and other team members running around more than made up for it. I sure hope they all get their own story at some point.

If you're looking for a light, entertaining read with lots of hot men, if gangsters and money-crazy villains don't stop you from enjoying a story, and if two men falling for each other and starting a family are your thing, you will probably like this book.
