So, the way for you to obtain this [Long Walk To Freedom: The Autobiography Of Nelson Mandela By Nelson Mandela](#) will be so very easy, won't you?

# LONG WALK TO FREEDOM: THE AUTOBIOGRAPHY OF NELSON MANDELA BY NELSON MANDELA PDF

Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world.

He is like every one of us afterall

By A Customer

I spent the whole of last weekend reading 'Long Walk to freedom'. For two days I didnot leave the world Nelson had trapped me in. As I finished the book and took a walk outside, I stopped seeing people as Hausas or Yorubas, Northerners or Southerners(ethnic groups in Nigeria). All I saw were brothers who could bury the hatchets of ethnicity and forge a country of love and peace. Before I read the book I saw Mandela as a super human with no flaws at all. In the book he painted himself in true colours; accepting his flaws and proclaiming his successes. He is afterall human. I have always believed that life is worth nothing if one can not stand up for what one believes in. I have always advocated to the Marcus Garvey/ Malcolm X forms of freedom fighting. I always thought that peaceful protests were for the spineless. Why would I like Gandhi and Martin Luther King Jr., watch while the enemy unleashes violence on my people? Nelson in the book took me through the intricacies of peaceful civil disturbance and I have come to realise that this form of protest is even more demanding than sheer brute force. 'Long walk...' is a must-read for any one who still has humanity in his being... If you want to share more on 'Long Walk to Freedom' or the struggle of African progressives against oppressive governments, you can reach me at pokigbo3@hotmail.com

Beware -- Abridged Version!

By S. Morello

I have been wanting to read this book so finally ordered it. Imagine how surprised I was to open the book to the title page and it states: Abridgment and Connecting Notes by Richard W. Kelso! However, Amazon's web page never mentions this is an abridged version of the book. I am returning this copy to get the unabridged version of the book published by Little, Brown & Company in 1994.

Polit thriller

By H. Schneider

Despite due respect for a great leader, I did not really expect to like this autobiography very much. Mandela is no great speaker, his TV presence is rather flat, his English apparently not masterful. The life story in summary does not seem to have that much interest either, considering the long jail time and the fact that most of the "hot action" of the anti-apartheid movement happened while he was on Robben Island.

All wrong. The writing is surprisingly fluent, the story telling surprisingly efficient and free of waste as well as redundancies. Also free of sentimentality and exaggerated pathos.

If there is anything that I wished to be more detailed it is the period of his childhood and youth. This period is described in a rather remote way and with a sometimes irritating lack of explanation or reflection. I realized that may have happened due to the conditions under which the book was written: in jail. Also I could imagine that editors suggested some shortening: after all the book is still quite hefty.

If there is one negative comment that I have to make, it refers to NM's insistence that all trouble between black groups, such as the Inkatha violence problems, or tribal conflicts, have been caused by the perfidy of the whites. As much as I can understand the psychology behind this wishful thinking, I do not think it is a realistic approach.

Despite this comment and despite the book's size, it is never boring. Highly recommendable.
