MERCIFUL RELEASE: A HISTORY OF THE BRITISH EUTHENASIA MOVEMENT BY NICK KEMP PDF

Merciful Release provides the first comprehensive study of the British euthanasia movement from its inception in the philosophic debates of the late 19th Century, to the storm-center of contemporary medical, legal, and ethical debate concerning physician-assisted suicide. Drawing upon a wealth of hitherto unexplored archival material and periodical literature, the book traces the delicate interplay of medicine, politics, philosophical debate, public opinion, and the fluctuating fortunes of the euthanasia movement.

Most helpful customer reviews

1 of 1 people found the following review helpful.

A masterpiece

By Adam Al-Muhanna

This book is an example of true perfection in modern day historical commentary. I am a pupil of his and I must admit that his views and knowledge of euthanasia and other such issues are quite astounding. One must note the vast range of vocabulary used in this masterpiece 'merciful release'.
