"...the godfather of Japanese erotica." -- Stephen Lemons, Salon.com

"World Wide Wizard Weaves Webs of Designed Dementia. Wise, Gentle, Precise, Chaotic Erotic Engineer."  
--Dr. Timothy Leary

## About the Author

B.1945, Miyazaki pref. Raised in Osaka, Saeki grew up interested in art. By the early 70s he was garnering praise for his unique style of illustration. In the late 70s/ early 80s Saeki's fine art career was in full swing and he began showing internationally, at galleries from Paris to California. For the last 2 decades he has continued to produce a large amount of artwork, collected and shown worldwide. Notable publications include Chimushi 1 & 2, and Akaihako (Red Box). In 2000, Saeki was commissioned to create a 30 x 33' banner for Ozz fest. He has shown at Saitama Pref. Museum,

Note, this is an EXCERPT -- Contact Colin if you want the full version or want to reprint it -- Excerpt from the Introduction, by Toshio Saeki: ... I realized the one thing I could not stand was for my creations to be boring. The attitude of pursuing entertaining elements in my work remained with me throughout childhood, and it seemed to have a firm root in my retelling of the films, and the picture-stories I created. When a boy enters adolescence, he becomes disturbed by erotic thoughts from time to time. In the art high school where I was studying, elder students would sell obscene photos in the dark corridors next to the studios. The photos were very stimulating to me. They said the photos were stolen from their father's secret albums. The nature of men being inseparable from erotic thoughts, and it being handed down from father to son, seemed very funny and sad to me at the same time. Amidst working hard on sketches of plaster figures and oil paint, I gradually found myself drawing forbidden erotic pictures. At that time, I had no experience with women yet, so my imagination was persistently obscene. I drew the pictures to satisfy the few friends I had, but first and foremost, they had to arouse and infatuate me sexually, or else I would not be happy with them. So as gratifying a task as it was for me, it was quite a difficult practice. I had no idea that this secret creative engagement would turn out to be the strong foundation for my future works. In the past, a famous writer described my works as "obviously peculiar" and I cannot completely deny that. I want to surprise people,

make them happy, and if possible, even completely enchant the minds of those who see my work. To realize that, I will choose whatever method it takes, and will not limit myself. In the modern world, where one rarely stops to think about the truth behind the moment, you might enjoy it if you take a peep at my mysterious and strange illusions. To those who frown at them, I want to place the drawings right in front of your face and ask if you really disapprove. I'm always thinking, how wonderful it would be to give shape to psychological pictures which everyone hides and holds deep within them.

A selection of Toshio Saeki's previously unseen works, uniquely printed in a large, lush format. Throughout, paper vellum overlays reproduce Saeki's unique method for adding color to his black and white artwork. He does not apply color directly, but instead uses overlays to indicate the exact colors he wants. He calls this method chinto printing - the picture is complete only after it has been printed - a modern version of the ukiyo-e, a genre of Japanese woodcut prints. Though Onikage contains nearly two-dozen full color and seven black and white images, the viewer is not allowed to see every image in all stages. Like the artist, the viewer must use his or her imagination to complete these peculiar pictures.

An Insider's Introduction to the Art of Toshio Saeki

By Grady Harp

Toshio Saeki is a Japanese artist and cartoonist, born in 1945, who has made his mark on the art world with his paintings and drawings of erotica, violence, and perversion. As popular in Japan as his fellow artists Takashi Murakami and Aida Makoto he is gaining world wide recognition through gallery and museum shows and through the very fine books such as this elegant volume, ONIKAGE. His art often features men and women in tandem with demons, animals, corpses, and other creatures in various erotic or violent settings. And while his work is controversial, he has been quoted as saying that he enjoys shocking people with his art but that he doesn't live out his fantasies in life!

'Onikage' is a term used for characters in video games and has been defined as 'one of the most sexy 'demon shadows' to ever walk this world and the next'. The pleasure of this book is the detail given to the design of the volume. In this book are twelve images in the 'chinto' style: on the right side of an open book of pages is a black and white drawing of all manner of bizarre sadomasochistic and erotic themes and on the left side is a full page of vellum or glassine that contains the color aspect of the image. By laying the vellum over the drawing the print is complete - another way of saying that the reader helps create the final work. Not an artist to give away all his secrets, many of the works in the book are either drawings or reproductions of full images or completed chinto prints. Printmaking, long a favorite art form in Japan, especially the ukiyo-e school, has entered another realm with Toshio Saeki. For those who have not seen his work before this book is an excellent introduction- not only to his class of dignity in sharing the process, but a little hint at how startling his images can be. Grady Harp, September 10

Onikage: The Art of Toshio Saeki review

By RockerOne

Very nice book, LArge format, Bigger then A4 slightly smaller than A3 portait

About 30 prints but very nicely printed, the transparent overlay is a good idea (a bit gimmiky though)

Nice for a collector but not for a one off buy.

Nice front and back cover, very good for a coffee table book, shocking images at times, not for children.

Thankyou Toshio Saeki.....you FREAk! :)
