Sergeant Shenk's Book On Knife Throwing

By Raven Leck

There are a handfull of books to choose from out there that cover the subject of knife throwing but this is by far one of the best. Everything you need to know about knife throwing is clearly explained, illustrated and easy to understand. Mr. Shenk's "no nonsense" theory and practice shine through in his book. His story of how he got started is very interesting. In my opinion whether you are new to throwing, been throwing for awhile or just interested there is something for everyone in this book!! I especially enjoyed the chapter dealing with selecting the proper knife and how to strip it down to create a proper thrower. As an avid knife thrower myself I wish I had found this when I was starting out and Highly recommend it to anyone who is wanting to start throwing for themselves.

I hope this review will help anyone who is searching for info and answers for this incredibly fun and gratifying alternative sport.

-Hans Leck

5 of 5 people found the following review helpful.

interesting, easy to understand

By Jrzin

I agree with Hans Leck's review... except I'm not an avid knife thrower. I'm interested and have read a tiny bit about it but never thrown a knife (yet). I found the book interesting, clear and easy to understand.

3 of 3 people found the following review helpful.

Great Primer

By Arcane Obscure

Quick and to the point. Everything you need to be a knife thrower. I heartily recommend this book over the longer worried guides.
