Great resource to have for a "pigeon" spanish speaking pharmacist

By B. Lam

While not comprehensive for Spanish in general, this is a GREAT resource for a pharmacist who has a small handle on the basics of spanish but needs a little help when talking to patients. And it doesn't take much time or effort to look things up. Of course, as an eternal nerd, I actually added tabs to the pages I use the most to find them faster. That would be the only thing I would suggest to make this better. It is definitely worth the amount I paid for it!

Great reference

By Aimee Stuermer

This was perfect for our pharmacy and we reference it quite a bit. The categorization is a little confusing and repetitive, but otherwise great!

Great

By SherylAnn OHara

Something extra to add to my Spanish language library. Every little bit helps when studying. Would recommend to a friend.
