Certainly, after downloading Summoning Shadows (Rosso Lussuria Vampire Book 2) By Winter Pennington, you may not publish it.

SUMMONING SHADOWS (ROSSO LUSSURIA VAMPIRE BOOK 2) BY WINTER PENNINGTON PDF

Epiphany has risen in clan status among the Rosso Lussuria vampires. Declared Elder and Inamorata, to raise a hand against her is to raise a hand against Queen Renata herself.

She has taken Iliaria, the Great Siren Dracule, as her lover and ally, wearing Iliaria's sigil as a sign of their unlikely alliance. While Epiphany bears her mark, Iliaria upholds her oath and hunts one of her own—the traitor Damokles who seeks to destroy the vampire-kind. Yet Damokles is not the only renegade Dracule who wants to see the fall of the Rosso Lussuria. The Draculian society is split in two—those who seek to protect Azrael's Gift and those who seek to eliminate it.

The Rosso Lussuria face enemies both old and new. Dismantling a reign of impending terror and uniting a clan is not so easily done when those close to you are all too adept at keeping their own council and agendas.

Story line was great and a believable continuation from first book UNTIL Epiphany ...

By Kindle Customer

mild spoiler

Uh, possessive/selfish/power hungry vampires and now there's a balanced foursome...? Story line was great and a believable continuation from first book UNTIL Epiphany became a Dracule.

Problem: Premise for change was a "true love" type sacrifice to get Renata back, BUT it turns out to seem a way for Piph and Iliaria's love to grow in the convenient absence of Renata AND add another bed buddy for Piph.

Right now, I'm not interested in reading further. Obviously these are opinions, everyone else seems to like it fine.

Well worth the 10 bones...

By De

I don't often write reviews, mostly because I am lazy. I will make the effort for two reasons, if I am suitably surprised or if I am suitably disappointed. The majority of the time, I get what I pay for and feel no need to comment. This book I definitely received my 10 dollars worth. I will say, I read the first book in this series and it did lay down an excellent background for the continuation of the series. But, I wasn't impressed one

way or the other.

Since, I don't often write reviews, I will err on the side of caution and say upcoming Spoiler Alerts, so continue at your own peril, I enjoyed Pennington's outlook on the vampire world. It was different than I have ever read before. Sure they are still supernatural beings, sure, they still drink blood, sure they play politics because of the boredom that their longevity brings...but, they hide themselves away from the human world. That was a huge variation on the regular vampire genre. I don't mean, Hey, they hide who they are from the general populace, I mean they literally hole up in tunnels underground or in mountains where no one can find them. It was quite interesting. Also, I was really taken by the twist that vampires were pretty much begat by the Dracule. So, they are like a hybrid, mixture of humanity and full blooded vampire. This book in a continuation of the first book in that a Dracule is trying to infiltrate, kill them, and dominate. I liked it.

Now, onto the most important part (well for lesbians like me anyway), the sex scenes were excellent. I like my sex scenes explicit, but in a necessary contextual manner, and Pennington did just that. There are threesome scenes and I am never a big fan of those, but they worked in this book and I actually enjoyed them. I enjoy a bit of jealousy/angst in the romance part, and this book had a touch of it, enough to make you feel for Epiphany's Dracule lover. Ultimately, though, I thought both of Epiphany's lovers provided her with something different, but something that she needed. So, when all three of them ended up getting together, it worked.

Excellent Vampire Series

By Kindle Customer

Absolutely loved this story, the second book in the series. Incredible world building. This book provides a refreshing and interesting take on vampires and how they came to be. This story has adventure and romance with a little vampire mythology thrown in for good measure. Loved it and highly recommend it!
