An Excellent Guide

By Amazon Customer

So far this has been a great help with progressing through Breath of The Wild. I have not used the walkthrough as I want to progress through the main quest on my own, but there is plenty of other useful information in this book including a complete list of Shrines and side quests and item and enemy

information. Plus general tips on gameplay. I'm no stranger to Zelda but Breath of The Wild breaks Zelda conventions to the point where it's as if it's my first Zelda game. With the level of difficulty having a guide is really useful, especially when it's accompanied by clear illustrations.

I got the paperback version and the binding seems strong, and the pages are laminated to prevent damage. It's very high quality for a paperback. The book is well organized and easy to navigate. My only real complaint is the map placement. Maps are frequently placed over both pages, and the part where the seams meet is very hard to read.

Perfect!

By Daniel Zúñiga

Wow! I can't beleive this guide is that complete and perfect! If you collect items and Zelda is one of your favorite games, this guide is a nice piece oc collection.
