Grandaughter loved it!

By Peggy Belcher

I bought this book as a gift for my granddaughter (age 8), as it was a favorite of mine and thought she would like it. She read the whole book in one day, then the next day picked it up again and read it aloud to her dad. It is now a favorite of hers as well. I am so pleased.

Great story and a good version for a very young reader

By J. Shaw

Love this story. Bought this for my 8 year old, but I think it was more appropriate for a younger reader. My daughter finished reading this in less than an hour. We took another version out of the library so that she could really experience the whole story.

This is a sweet, intriguing novel that is beloved by young preteens. The artwork beautifully illustrates the story.
