By A. Basler

A journal that will warm your heart.Hawthorne proves himself a progressive father for the times. Written over 150 years ago

it reads as though it was written today. Julian comes across as a little boy let loose without his sisters. Although missing mom, who was gone with her daughters on a visit, Julian is just a dear little guy with all childhood happiness and angst. You'll wish this small treasure would never end. However, it's there to go back to again and again.
