Love this book

By Brittanie Sidebottom

Love this book, but unfortunately mine came in a pretty rough condition. It is dog-eared, and there's a big mark in the back that looks like someone took some sort of cylinder shaped object and pushed it into the back.

Jake was pretty dumb.

By A Customer

I liked this book, but Jake was really dumb to run away in the beginning. He should have just stayed and avoided the whole thing and not try to get everyone killed. Some of the parts were pretty good like when the wicked doctor-lady came out, but some of them were kind of boring, and they went on and on and on about the machines they used. It got kind of old after a while. But still, great book. It's pretty fun.

Wish I can give it 4 and a half stars!

By A Customer

Half great and half boring I think. Some endings were so great while others were... yes, dumb boring. Wish I can give it 4 and a half stars. It deserves that. But...oh well, count this book as a great book then. So as I say, kindness has kindness, something like that. I think Axel is actually not evil after all.
