It will be a good way to merely look, open, as well as review guide Yes Please By Amy Poehler while in that time. As known, encounter and skill do not consistently had the much money to acquire them. Reading this publication with the title Yes Please By Amy Poehler will let you know more things.

Review

“Yes Please delivers what it should: life lessons and vicarious thrills...the book is largely a portrait of confidence. Reading it, some of it rubs off on us.” (New Yorker)

“Yes Please is a great story...because it is self-damning and hopeful at the same time.” (Los Angeles Times)

“Pure charm” (People)

“Poehler is very funny, so the jokes are very good...Poehler is very wise, so her advice is on point.” (Slate)

“Delightful...Poehler is frank and funny throughout [Yes Please], as is her nature, but her writing unearths a wise narrator who’s seen some of the worst of life and come out the other side unscathed...Can we get more from Amy Poehler? Yes, seriously, please.” (Newsweek)

“Demonstrates the skill of this excellent comic actress, a funny woman who roots hilarity in specifics.” (Washington Post)

“Required reading for all young women.” (Huffington Post)

“[Yes Please] is honest words of wisdom within a joyous story structure.” (Philadelphia Inquirer)

“Yes Please veers between reminiscing and philosophizing. Poehler had developed some principles over the years and shares them in usually funny fashion.” (Chicago Sun-Times)

“Yes Please isn’t a scan of the comedic brain so much as it is something far better---the full exposure of Poehler’s funny and very magnanimous heart. (Elle)

From the Back Cover

Do you want to get to know the woman we first came to love on Comedy Central's Upright Citizens Brigade? Do you want to spend some time with the lady who made you howl with laughter on Saturday Night Live, and in movies like Baby Mama, Blades of Glory, and They Came Together? Do you find yourself daydreaming about hanging out with the actor behind the brilliant Leslie Knope on Parks and

Recreation? Did you wish you were in the audience at the last two Golden Globes ceremonies, so you could bask in the hilarity of Amy's one-liners?

If your answer to these questions is "Yes Please!" then you are in luck. In her first book, one of our most beloved funny folk delivers a smart, pointed, and ultimately inspirational read. Full of the comedic skill that makes us all love Amy, *Yes Please* is a rich and varied collection of stories, lists, poetry (Plastic Surgery Haiku, to be specific), photographs, mantras and advice. With chapters like "Treat Your Career Like a Bad Boyfriend," "Plain Girl Versus the Demon" and "The Robots Will Kill Us All" *Yes Please* will make you think as much as it will make you laugh. Honest, personal, real, and righteous, *Yes Please* is full of words to live by.

About the Author

Amy Poehler is a writer, actress, producer, and director who is known for her years on *Saturday Night Live*, her starring role as Leslie Knope on the beloved series *Parks and Recreation*, as the voice of Joy in Pixar's *Inside Out*, and for being third runner-up for Most Casual in her high-school yearbook. She lives in New York City and Los Angeles with her two boys. She hopes this book will get her invited for lunch on a fancy yacht with her hero Judge Judy. She is dressed and ready.

More Amy Poehler books? Yes Please!

By book_thief

[[VIDEOID:b5e33ce4863f05b9caaf0c9a5aa65115]]I will first admit that I'm a sucker for these type of books. I've read Mindy Kaling's, Tina Fey's, Lena Dunham's and even Ellen Degeneres'. I'll also admit that I'm a 24 year old girl, and that my opinions are probably biased based on my age and the (lack of) life experiences I've had so far.

First of all, if you're considering picking up the book versus buying the Kindle version, I would strongly

recommend the hard copy. The book is formatted with glossy pages full of colored pictures and chapter titles that I really love (attached some photos and a video). It makes the reading experience a whole lot more exciting. Every time I turned upon a new chapter, I would have to stop for a moment and smile to myself.

That being said, I was excited about Amy's book because I've an avid fan of Parks and Rec, and her previous work on SNL. To me, she just seemed like a really warm person and people only have compliments when talking about her. I couldn't wait to read a book in her voice and learn more about her past.

Some Youtube clips that I just had to dig up after reading about them from Amy's perspective:

SNL Sarah Palin rap: <https://www.youtube.com/watch?v=cG1g5qvgtSg>

2011 Emmy's bit: <https://www.youtube.com/watch?v=RyFyJqx1lpc>

2009 Emmy's bit: <https://www.youtube.com/watch?v=-jSk8yzlm94>

I'm glad to say I was not disappointed at all. Compared to some of the other authors that I have mentioned, Amy does have more stories and chapters on experiences that I couldn't quite relate to (pregnancy, divorce, raising kids), but by reading about those stories I felt a little more prepared for the future. So despite the fact that much of the book were not relatable, I like how she told those stories so outsiders like me could be more familiar with what other people are going through at times like those.

Other than that, the whole book is written in the typical witty/sarcastic tone that most books like this are written in. And I love it. She talks a bit about her past, how she got into acting and improv, stories about all her famous friends, the journey with Parks and Rec and just gives some general life anecdotes. Seth Meyers also makes a guest appearance and writes a short chapter!

I finished the book within a day because it was a speedy read and I never wanted to stop. I suspect I'll be reading it again in a couple months.

All in all, I can't be more happy that Amy Poehler finally decided to publish her own book. Here's to hoping there will be more!

Wise But Not LOL

By Ria Darling

I really enjoy Amy Poehler and I was so excited to get this book-I'd read interviews with her about the book, like in Entertainment Weekly, and couldn't wait because it sounded funny and honest. Know how sometimes you can't wait to see a movie, then you see it and realize the best bits were everything you saw in the trailer? That's sort of how I feel about this book.

It's well written (and, if you get the paper version the publisher put a lot into the paper quality and photos etc.) and there are some fun lines, but it's more wise than LOL.

Also, I felt kind of old to be reading it-I'm roughly her age and it felt like she intended some of the wisdom for younger women in earlier stages of life, and that was really disappointing. The chapters on SNL and Parks and Rec were good but not really detailed for as long as she was on both shows-but there are constant references to the Upright Citizens Brigade. Lots of talk about motherhood and her sons and orphans in Haiti. Oh and a chapter on the pros and cons of drugs (which seems to offend some people who feel pros come out ahead). If you're looking for gossip, there's not much but she does name drop.

I guess I expected this to be more like Bossypants by Tina Fey or Is Everyone Hanging Out Without Me? by Mindy Kaling, both of which I loved. Those books made me laugh and feel like Kaling was my wise, never judging bff, whereas Poehler, I have to say it, is a little preachy.

I still love Amy Poehler and I think she's a brilliant performer, but this book wasn't 'that' funny but it's full of

wisdom. I gave Kaling's book to my friends but I'd give this as a high school or college graduation gift.

Eh.

By Two Pretzels

I really enjoy Amy Poehler - she's an incredible, strong woman - and I love that. But I had to force myself through this book. It was very much so a re-counting of her rise to success, but it didn't "give" the reader much extra. I was inspired, I didn't feel like she was sharing anything too interesting with me. And unfortunately, I think Amy's humor doesn't translate to the written word all that successfully. Performances? Fantastic. Reading her book? Eh. I respect her, but I would skip the book.
